Embroidery

With Black yarn, embroider the outline of the eye and eyelashes using stem stitch. First establish the shape of the eye and then proceed to the eyelashes. With Blue, embroider the iris of the eye using a type of blanket stitch that forms a circle. The white of the eye is embroidered using the duplicate stitch.

When finished, put each pair in a Ziploc bag along with a personal note and mail to:

or bring them to the March for Our Lives in Washington D.C. on March 24, 2018 to give out yourself. Thank you!
